 Ships supplied with Recruits, Storage, and Money.

LAHAINA, MAUI, SANDWICH ISLANDS, }  
December 8th, 1854. }

Annexed we give a list of the Whale Ships that have touched here this fall season. The average catch of the summer, as represented by 134 ships, is nearly equal to that of last year. The Arctic Fleet have done little or nothing—not averaging a whale to a ship. The Ochotsk Fleet have averaged about half as much as last year.—The most of the Fleet were in the Ochotsk.

A synopsis of the annexed report is as follows:—

Kodiak, 2 ships,	-	-	-	-	-	-	-	-	1,400	Whale.
Arctic, 20 “	-	-	-	-	-	-	-	-	4,990	“
Ochotsk, 106 ships,	-	-	-	-	-	-	-	-	97,580	“
Japan, 6 ships,	-	-	-	-	-	-	-	-	980	Sperm, 500 “
Total of	-	-	-	-	-	-	-	-	105,555	Bbls.
Average to ship,	-	-	-	-	-	-	-	-	788	“

As compared with the two last years, it is as follows:—

1852, 104 ships gave an average of	-	-	-	-	-	-	-	-	1,460	Bbls.
1853, 102 “ “	-	-	-	-	-	-	-	-	823	“
1854, 134 “ “	-	-	-	-	-	-	-	-	788	“

Exchange has ruled at an average of about 12½ per cent., and the amount drawn, about \$135,000.

The only disasters reported are the loss of the ship Silas Richards, N. B., Wilcox, at Shantar Bay.
